

MISSISSIPPI SOYBEAN PROMOTION BOARD

MISSISSIPPI SOYBEAN PROMOTION BOARD PROJECT NO. 19-2015 (CONT) 2015 Annual Report

Title: Evaluation of Soybean Varieties for Resistance to Cercospora blight, Frogeye Leaf Spot, and Stem Canker

Project Leader: Tom Allen – tallen@drec.msstate.edu

PROGRESS/ACTIVITY

The evaluation data from each of the planted OVT locations in Mississippi in 2015, as well as the inoculated stem canker trials, have been posted on MSPB's website at

[Soybean Disease Ratings—2015](#)

The data are also posted on the Mississippi Crop Situation Blog at
