

MISSISSIPPI SOYBEAN PROMOTION BOARD
PROJECT NO. 19-2017 (CONT)
2017 Annual Report

Title: Evaluation of Soybean Varieties for Resistance to Foliar Diseases and Stem Canker

Project Leader: Tom Allen – tallen@drec.msstate.edu

PROGRESS/ACTIVITY

Evaluation data from the 2017 variety trial at the NMREC, Verona, Miss. and each of the planted OVT locations in Mississippi in 2017, as well as the inoculated stem canker trials, have been posted on MSPB's website at

Soybean Disease Ratings—All Years

The data are also posted on the Mississippi Crop Situation Blog at
