

# Cover Crop Field Day

Termination Tips, Equipment for Residue Management, and Cover Crop Cost Tool

Friday, March 8, 2019 • 10am

Delta Precision • Clarksdale, MS

508 HWY 322, Clarksdale, MS

Lunch and refreshments will be provided!

---

Join us for an (indoor) Cover Crop field day to learn more about field trial successes and challenges! We'll be talking **year 1 experiences with planting cover crops** and the **strategies to improve cash crop planting and emergence**. Learn about **equipment that can improve planting cash crops into residue** and learn about a **new cover crop cost tool** that can help you determine how integrating covers fits within with your budget.

To register, contact: Beth Baker
