

Enlist[™] Ahead

APR. 21, 2020: Application Training for the Enlist[™] System - Cotton Belt (60 MIN)

Tue, Apr 21, 2020 9:00 AM - 10:00 AM EDT

[Show in My Time Zone](#)

Growers and applicators who will be working with PhytoGen® Enlist[™] cotton (and in some geographies, Enlist E3[™] soybeans) in 2020 can join a webinar co-sponsored by Corteva Agriscience and the National Cotton Council to learn more about using Enlist herbicides.

This one-hour session covers how to achieve effective weed control on Enlist acres, tank-mixing with Enlist[™] herbicides, field scenarios and spray requirements. Whether you're new to the system or would like a refresher on how to maximize the technology, you're sure to pick up helpful information for weed management and effective sprays.

These webinars are led by Enlist field specialist Haley Nabors. Session includes active Q&A - come with questions!

Please be sure to pre-register for the event, to enable smooth access to GoToWebinar the day of the event. After registering, you will receive a confirmation email containing instructions for joining the webinar. Registration limited to first 1,000 participants.

Does this training meet state training requirements?

Texas:

For growers and applicators in Texas, this webinar does meet requirements for auxin-specific training

for the 2020 season. 1 Laws and Regulations CEU credit will be issued; completions will be reported to Texas Department of Agriculture. Additional webinar training sessions are also available to meet this requirement – see registration site for other Texas options.

Alabama, Arkansas, Georgia, Mississippi, North Carolina:
These states have required education for those applying Enlist herbicides – each state requires a specific course administered by the state department of agriculture or extension agency. This webinar does not meet those state-specific requirements, but it does provide valuable information for participants in those states.
